Dental Benefits

From 2020 the MediPlus option will be divided into two options, namely **MediPlus Prime** and **MediPlus Compact**. The dental benefits are the same on these options.

Dental benefits are paid at the Medshield Dental Tariff (MDT).

Basic Dentistry is payable from the Overall Annual Limit (OAL). On the MediBonus and MediPlus options the OAL is unlimited.

Specialised Dentistry is payable from a defined limit – *refer to the benefit table*.

The dental benefits as published below will apply, subject to DENIS managed care protocols and managed care interventions which may include the requirement of treatment plans and/or radiographs prior to benefit application.

Scheme Exclusions apply to dental benefits.

In the event of a dispute, the registered Rules of the Scheme will prevail.

Pre-authorisation*

Hospitalisation, and certain specialised procedures and treatment must be pre-authorised.

If authorisation is approved after the treatment has been done, a **20% penalty** will apply.

This is applicable to hospitalisation (the hospital account) and for the following specialised out-of-hospital treatments: Dentures, Implants, Crown & Bridge, Periodontal treatment and IV/Conscious Sedation.

Failure to pre-authorise orthodontic treatment will result in a payment *only* from date of authorisation for the remaining months of treatment, provided that the treatment is clinically indicated.

Penalties do not apply to emergency hospital admission.

Hospital Network: MediPlus Prime & MediPlus Compact

For planned procedures, members on these options must use a hospital within the Medshield Hospital Network applicable to each option.

Should a member on the MediPlus Prime or MediPlus Compact option obtain authorisation for an elective procedure in a non-network hospital, a **25% co-payment** on the hospital account will be applicable.

PREMIUM PLUS (686) OPTION Dental Benefit Table 2020

MEDISAVER (683) OPTION Dental Benefit Table 2020

Dental Benefits

Dental benefits are paid at the Medshield Dental Tariff (MDT).

The dental benefits as published below will apply, subject to DENIS managed care protocols and managed care interventions which may include the requirement of treatment plans and/or radiographs prior to benefit application.

Scheme Exclusions apply to dental benefits.

In the event of a dispute, the registered Rules of the Scheme will prevail.

Personal Savings Account (PSA)

On the **Premium Plus** option, Basic and Specialised Dentistry, unless otherwise stated, are payable from the PSA with accumulation to threshold, or from the above threshold benefit once the member has reached the threshold level. The PSA will be allocated to the member's account on an *annual* basis on the Premium Plus option.

On the **MediSaver** option, Basic and Specialised Dentistry, unless otherwise stated, are payable from the PSA. The PSA will be allocated to the member's account on a *bi-annual* basis on the MediSaver option.

Pre-authorisation*

Hospitalisation, and certain specialised procedures and treatment must be pre-authorised.

If authorisation is approved after the treatment has been done, a **20% penalty** will apply.

This is applicable to hospitalisation (the hospital account) and for the following specialised out-of-hospital treatments: Dentures, Implants, Crown & Bridge, Periodontal treatment and IV/Conscious Sedation.

Failure to pre-authorise orthodontic treatment will result in a payment *only* from date of authorisation for the remaining months of treatment, provided that the treatment is clinically indicated.

Penalties do not apply to emergency hospital admission.

Hospital Network: MediSaver

For planned procedures, members on the MediSaver option must use a hospital within the Medshield Hospital Network.

Should a member on the MediSaver option obtain authorisation for an elective procedure in a non-network hospital, a **25% co-payment** on the hospital account will be applicable.

Dental benefits are paid at the Medshield Dental Tariff (MDT).

The dental benefits as published below will apply, subject to DENIS managed care protocols and managed care interventions which may include the requirement of treatment plans and/or radiographs prior to benefit application.

Scheme Exclusions apply to dental benefits.

In the event of a dispute, the registered Rules of the Scheme will prevail.

Hospitalisation must be pre-authorised.

If authorisation is approved after the treatment has been done, a **20% penalty** will apply to the hospital account.

Penalties do not apply to emergency hospital admission.
